

The Cosplayers guide to Munich LEC XPO / Arena & EMEA Masters

Cosplay Policy LEC XPO AND EMEA Masters / LEC FINALS - 2024

All final decisions on costumes entering the facility shall be at the sole discretion of the Riot, Event Security, and/or venue staff.

- Please apply common sense when it comes to your costume!
 - Do not wander the streets of Munich with anything that could easily be mistaken for a real weapon, or that residents may feel threatened by.
 - Keep the weather in mind and avoid costumes that could cause negative impacts on your health
- Your costume must not be wider than 1.2 meters across, longer than 1.8 meters, or taller than 2.2 meters. Additionally, you must be able to sit, walk and easily maneuver your costume over stairs or ramps unassisted.
- You must be able to sit in your seat while wearing your costume without obstructing the view of those around you.
- You must have unobstructed vision at all times (i.e., must not need to remove a piece of your costume in order to see).
- Masks must be easily removable and Cosplayer must comply if they are asked by event staff to remove their mask.
- Armor cannot pose a threat to others by way of sharpened metal edges, spikes, or bladed surfaces. Metal and wood costumes, prop and weapons will not be allowed
- All swords or bladed weapons must be blunt-edged and cannot have a sharpened edge (no metallic or predominantly wooden weapons). No weapon may be sharp or pointed enough to cut or pierce someone with moderate pressure, or heavy enough to create a threatening club.
 - Note: Worbla and 3D prints are permitted, pending that it follows the above weapon restrictions.
- Any bow-type weapons must be unstrung or strung with a low-tensile thread. All prop arrows must have non metal, blunted tips.
- You may not bring in any liquids, gels, air horns or other substances which could cause a mess or make loud noises.
- You may not use smoke effects, fire, explosives, or any other environmental hazard in any capacity.
- You may display your prop weapons only as costume pieces. Do not swing or brandish your prop in any way that could be considered unsafe or threatening. Failure to comply may result in immediate confiscation of the item with no return.
- You may pose with a prop in a brandishing manner, so long as no reasonable person would interpret the pose as anything other than dramatic effect. Local police, event staff, or management may stop you at their sole discretion.
- There will be no bag check or prop storage specialized in the care of Cosplays and Cosplay props available on site.

- There will be basic Cosplay repair facilities on site. If you require access to them, please ask event staff.
- If you have any additional cosplay questions, reach out to **Player Support** and we will get back to you as soon as possible!
